PROFESSIONAL SUMMARY

A highly motivated and detail-oriented Information Technology graduate with a proven track record of academic excellence (Cumulative GPA: 3.95) and strong foundational skills in full-stack web development and database management. Hands-on experience designing, developing, and defending robust web applications. Enthusiastic about cybersecurity, national digital infrastructure, and leveraging modern AI workflows to build efficient software solutions. Currently expanding expertise into modern JavaScript frameworks to deliver scalable, full-stack applications.

TECHNICAL SKILLS

- Web Development: Native PHP, HTML5, CSS3, JavaScript (ES6+), Bootstrap
- Database Management: MySQL (Relational database design, query optimization)
- Emerging Stacks (In Progress): MERN (MongoDB, Express.js, React, Node.js), PERN (PostgreSQL, Express.js, React, Node.js)
- Core IT Knowledge: Cybersecurity fundamentals, Software Engineering, Networking, Web Systems & Technologies

KEY PROJECTS

- "Debre Tabor Gebeya": Full-featured e-commerce platform built with Native PHP & MySQL featuring user authentication and an admin backend.
- Debre Tabor ELearn: Modern learning management system built using the MERN stack to streamline course delivery.
- Simple ELearning System: Lightweight, accessible learning management application developed using PHP.
- Online Examination System: Secure testing platform built with the PERN stack featuring dynamic assessments and automated grading.
